

# List of Participants

AofA'10 Vienna, Austria

|                         |  |
|-------------------------|--|
| Abdullah, Mohammed      | King's College London  |
| Albenque, Marie         | Ecole Polytechnique  |
| Alon, Noga              | Tel Aviv University  |
| Alsmeyer, Gerold        | Universität Münster  |
| Anagnostopoulos, Aris   | Sapienza University of Rome  |
| Banderier, Cyril        | CNRS / Univ. Paris 13  |
| Baryshnikov, Yuliy      | Bell Laboratories  |
| Bassino, Frédérique     | LIPN, Université Paris 13  |
| Bodini, Olivier         | LIP6 UPMC  |
| Bradonjic, Milan        | Los Alamos National Laboratory   |
| Broutin, Nicolas        | INRIA  |
| Chassaing, Philippe     | Institut Elie Cartan   |
| Chauvin, Brigitte       | Univ Versailles and Inria Rocquencourt   |
| Chestnut, Stephen       | University of Colorado, Boulder  |
| Cheung, Yun Kuen        | Courant Institute of Mathematical Sciences, New York University                |
| Christoforou, Evgenia   | University of Cyprus   |
| Cichon, Jacek           | Technical University of Wroclaw  |
| Clément, Julien         | CNRS, University of Caen   |
| Creed, Páidí            | Royal Holloway, University of London   |
| Devroye, Luc            | McGill University  |
| Drmota, Michael         | TU Wien  |
| Duch, Amalia            | Universitat Politecnica de Catalunya   |
| Dutta, Kunal            | The Institute of Mathematical Sciences   |
| Eilers, Søren           | University of Copenhagen   |
| Fawzi, Omar             | McGill University  |
| Feierl, Thomas          | INRIA Paris-Rocquencourt   |
| Feige, Uriel            | Weizmann Institute   |
| Fill, James Allen (Jim) | Department of Applied Mathematics and Statistics, The Johns Hopkins University |
| Flajolet, Philippe      | INRIA  |
| Fraiman, Nicolas        | McGill University  |
| Fuchs, Michael          | National Chiao Tung University   |
| Fülöp, András           | University of Debrecen, Institute of Informatics                               |
| Fusy, Eric              | CNRS   |
| Gao, Jason              | Carleton University  |
| Gardy, Daniele          | University of Versailles St-Quentin  |
| Genitrini, Antoine      | University of Versailles St-Quentin  |
| Gerin, Lucas            | Universite Paris-Ouest (Nanterre)  |
| Gittenberger, Bernhard  | TU Wien  |
| Golebiewski, Zbigniew   | University of Wroclaw  |
| Gordeev, Lev            | Tuebingen University   |
| Helmi, Ahmed            | Universitat Politecnica de Catalunya   |
| Heuberger, Clemens      | TU Graz  |
| Holmgren, Cecilia       | Uppsala University   |
| Hoppen, Carlos          | Universidade Federal do Rio Grande do Sul                                      |
| Ispány, Márton          | University of Debrecen, Faculty of Informatics                                 |
| Jacquet, Philippe       | INRIA  |
| Janson, Svante          | Uppsala University   |
| Jimenez, Rosa Maria     | Universitat Politecnica de Catalunya   |
| Kasraoui, Anisse        | University of Vienna   |
| Katsev, Maksym          | University of Illinois @ Urbana-Champaign                                      |
| Khan, Imdadullah        | Rutgers, The State University of New Jersey                                    |
| Klonowski, Marek        | Wroclaw University of Technology   |
| Knopfmacher, Arnold     | University of Witwatersrand  |
| Kozik, Jakub            | Jagiellonian University  |
| Kraus, Veronika         | TU Vienna - Institute of Discrete Mathematics and Geometry                     |
| Krenn, Daniel           | TU Graz  |
| Laferriere, David       | Carleton University  |

|                               |   |
|-------------------------------|---|
| Lavault, Christian            | LIPN Un. Paris 13   |
| Lladser, Manuel               | The University of Colorado  |
| Loi, Cedric                   | Ecole Centrale Paris / INRIA Saclay                               |
| Louchard, Guy                 | ULB   |
| Lumbroso, Jérémie             | INRIA Rocquencourt / LIP6   |
| Mailler, Cécile               | UVSQ  |
| Martinez, Conrado             | Universitat Politecnica de Catalunya                              |
| Marynych, Oleksandr           | National T. Shevchenko University of Kiev                         |
| Mező, István                  | University of Debrecen  |
| Morcrette, Basile             | INRIA ROCQUENCOURT  |
| Morgenbesser, Johannes        | Technische Universität Wien                                       |
| Munsonius, Götz Olaf          | University of Frankfurt   |
| Nadeau, Philippe              | University of Vienna  |
| Nicaud, Cyril                 | Université Paris-Est  |
| Nicodeme, Pierre              | CNRS Ecole Polytechnique  |
| Noy, Marc                     | Universitat Politecnica de Catalunya                              |
| Panario, Daniel               | Carleton University   |
| Panholzer, Alois              | TU Wien   |
| Pichler, Philipp              | TU Wien   |
| Podloucky, Konrad             | University of Vienna  |
| Ponty, Yann                   | CNRS/Polytechnique/INRIA  |
| Pouyanne, Nicolas             | Université de Versailles Saint-Quentin en Yvelines                |
| Prodinge, Helmut              | Stellenbosch University   |
| Ralaivaosaona, Dimbinaina     | Stellenbosch University   |
| Regnault, Damien              | Université de Provence  |
| Riordan, Oliver               | University of Oxford  |
| Roberts, Matthew              | LPMA, Université Paris VI   |
| Roesler, Uwe                  | CAU Kiel  |
| Schachinger, Werner           | University of Vienna  |
| Schlage-Puchta, Jan-Christoph | Universiteit Gent   |
| Seitz, Georg                  | Vienna University of Technology                                   |
| Soria, Michele                | LIP6-UPMC, Université Paris 6                                     |
| Szpankowski, Wojciech         | Purdue University   |
| Tarzian, Anita                | University of Maryland  |
| Tetty, George Best            | CHIFEN UNIVERSITY   |
| Tomazic, Alessandro           | Department of Statistics and Decision Support Systems, Uni Vienna |
| Ustinov, Alexey               | Russian Academy of Sciences                                       |
| Vallée, Brigitte              | Univ. Caen  |
| Viola, Alfredo                | Universidad de la República                                       |
| Wagner, Stephan               | Stellenbosch University   |
| Ward, Mark Daniel             | Purdue University   |
| Weiermann, Andreas            | Universiteit Hoofddoent   |
| Winkler, Peter                | Dartmouth   |
| Yepremyan, Liana              | Virage Logic  |
| Zeiner, Martin                | TU Graz   |
